The **Mission of Lifeline Healing** is to empower you to reach your full potential by clearing the energetic blocks and obstacles that are either keeping you stuck in the negativity of the past, or keeping you in the anxiety of the future. This often shows up as illness, serious disease, weight gain, financial limitation or as dysfunction in relationships. Whatever way your blocks are showing up for you, Lifeline Healing can help by clearing them.

“Where Healing Is The Norm...
Not the Exception!”

Cindy has an incredible story with many twists and turns, including serious illness, injuries and heartache. She grew up in a typical middle-class income family with a stay-at-home mom in Santa Maria, CA. She is the 3rd child of four children and *the only girl* in her family. At age 23, Cindy became a Deputy Sheriff for the Los Angeles County Sheriff's Department. In 1987, Cindy was faced with the decision to let her 9-day old son 'go back home' and this event was life changing! Her son's transition was a turning point in her life. Her son became her constant companion and teacher as she embarked on a new path of 'Listening.' The 28 years that followed, including 20 years as a cop, prepared her to eventually move to

Lexington Kentucky in 2011 where she would be compelled to have a mural painted in her apartment. After the Eclipse in November of 2012, the mural changed and suddenly Cindy had her own apparition of Mother Mary right there in her apartment! Mother Mary became one of Cindy's greatest teachers and is ever present in her life. (For more on this story, see Cindy's blog story titled: "MY TEACHER MOTHER MARY".)

In 2013, Cindy stepped onto her Life Path as a Healer and *Lifeline Healing*, under the umbrella of *Miracles Of Light In Motion, Inc.*, was born!
